10pm			
11pm			

Service Description: The team will be working at Clagett Farm (11904 Old Marlboro Pike Upper Marlboro, MD 20772) on a few different projects which include: harvesting sustainably grown vegetables at the farm which are provided free and reduced-price to people living in poverty and near-poverty in Washington, D.C.; watering, weeding, and fertilizing plants in the Native Tree and Shrub Nursery; or working to bale and move hay for our grass-fed beef and sheep operation.

Contact Person: Carrie Vaughn, Vegetable Production Manager

Lodging Description: The team will be staying at St. Johns Church (11425 Old Marlboro Pike, Upper Marlboro, MD 20772) across the street from the farm with access to kitchen. The team will just use floor space in the church so participants will need sleeping bags/pillows. They will arrange for the leaders to get a key to the house when you arrive, and the key will need to be turned in to the Church office on their way to Clagett Farm on the morning of departure

Contact Person: Russ Taylor (Deacon)

LOGISTICS

- Health forms must be completed and handed in by Saturday. Please leave them with Carrie Vaughn at Clagett Farm
- Remember that your team will be working outdoors in summer conditions! Please remember to dress appropriately, wear sturdy work shoes, and clothes that you do not mind getting dirty! Work will be outside, so don't forget the sunscreen!
- Send blogs, photos, etc. to David at DTana@cbf.org for posting on CBF's Facebook page and to feature in our magazine. You can send pics daily.
